

Cycling Program for Veterans

All Out Adventures is pleased to offer Adaptive Cycling for Veterans and disabled members of the Armed Forces of all ages and all abilities and their loved ones. Try out a recumbent trike and ride around Look Park or the VA Campus in Leeds. Recumbent trikes, tandems and hand cycles are comfortable and easy to ride. Three wheels takes balance out of the equation so you can relax and get exercise. If you have asked the question, "How can I get exercise in spite of my injury or disability?" This program is for you.

- Get exercise, socialize and have fun!
- Free of charge for Veterans and their loved ones.

All equipment provided, but you must pre-register by calling All Out Adventures at 413-584-2052. This program is funded by the Veterans Administration.

Inpatients call Donna Hayes at 413-584-4040 x2350.

You can also visit us online at www.alloutadventures.org or email us at info@alloutadventures.org All program sites are wheelchair accessible. Call us for accessibility information.
